1. In Revenue courts established under the Madras Estates Land Act, 1908, fees to pleaders are payable on the following scale :—

In suits, appeals or revision petitions (*a*) when such suits, appeals or revision petitions are decided on the merits after contest, or are compromised subsequent to the settlement of issues, and after a partial or complete trial but before delivery of judgment or where such appeals or revision petitions are decided *ex parte*—

(*b*) When such suits are decided *ex parte* or when such suits, appeals or revision petitions are decided on confession of judgment or are dismissed for default after all the requisite pleadings have been filed or are compromised after the settlement of issues but before trial—

half of the scale prescribed in rule 1 (*a*) above.

2. In suits, appeals or revision petitions withdrawn or compromised—

(*b*) before the settlement of issues but after defence is put in or dismissed for default without a determination on the merits of the case before all the requisite pleadings have been

filed in court and in applications, re-hearing on review and other miscellaneous cases, including proceedings in execution, of decrees,

fees to pleaders are payable at ½ of the scale prescribed in rule 1 (a) above.

NOTE.—(i) In applications for execution of decrees, the fee shall be calculated on the amount realised by the application.

(ii) In all miscellaneous applications after decree, which are decided on the merits after contest, except such as have been hereinbefore specially provided for, a reasonable fee not in any case exceeding Rs. 10 shall be allowed.

3. In appeals or revision petitions to the District Collector or the Board of Revenue, the fees payable under rules 1 and 2 shall be subject to the following minima :—

	Minimum fee.
	Rs.
(i) When decided after contest	20
(ii) When decided *ex parte* or withdrawn or compromised before final hearing	10

4. The foregoing rules do not apply to batches of suits, applications, appeals or revision petitions which, for the sake of convenience, are heard jointly and disposed of by a common judgment or order. The fees payable in such cases shall be fixed at the discretion of the court, subject to the maxima in any one case prescribed in rules 1 and 2 above.

5. The words 'the amount or value of the claim' in rules 1 and 2 mean the value as set forth in the plaint, application, memorandum of appeal or revision petition, and where court fees are payable *ad valorem*, the value on which such court fees are paid; and appeal includes a memorandum of cross-objections.

6. Fractions of a rupee in the amount or value of a claim are to be rejected in calculating the fee thereupon.

7. In cases in which the subject matter of the claim does not admit of valuation, the court shall fix a reasonable fee, regard being had to the time occupied in the preparation and hearing of the case and the nature of the questions raised therein as also to the minima fees prescribed by rule 3.

8. If several defendants, counter-petitioners or respondents, who have a joint or common interest, succeed upon a joint defence or upon separate defences substantially the same, not more than one fee shall be allowed unless the court shall otherwise order for a reason which shall be recorded in the judgment or order. If only one fee be allowed, the court shall direct to which of the defendants, counter-petitioners or respondents it shall be paid or shall apportion it among the several defendants, counter-petitioners or respondents in such manner as the court shall think fit.

9. If several defendants, counter-petitioners or respondents who have separate interests, set up separate and distinct defences and succeed thereon, a fee for one legal practitioner may be allowed in respect of each separate interest. Such fee, if allowed, shall be calculated with reference to the value of the separate interest of such defendant, counter-petitioner or respondent in the manner hereinbefore prescribed.

10. For each fee allowed under the last two preceding rules, the value of the stamp on one vakalatnama only shall be awarded as costs.

11. Except where an adjournment is made with the consent of all parties or where, from insufficiency of notice, a party has not had reasonable time to prepare himself for trial, or where the adjournment is necessitated by a cause beyond the control of the party, an adjournment should not be granted save on the condition that the party applying pays all costs of the day, including a reasonable fee to the legal practitioner engaged by his adversary. In a Collector's Court a sum not exceeding Rs. 5, in a District Collector's Court or the Court of Board of Revenue a sum not exceeding Rs. 10 shall be deemed to be a reasonable fee within the meaning of this rule.

12. The fee allowed on the percentage scale for prosecuting or defending a suit, application, appeal or revision petition in a Revenue court is intended to cover all the proceedings up to the decree or order; and where a suit, application, appeal or revision petition is remitted for re-hearing and disposal or for a finding on issues, the proceedings on such order must be regarded as a further proceeding in the hearing of the suit, application, or revision petition, and no further fee can be allowed in respect of such further proceedings.

7. Any Land Revenue officer not inferior in rank to a Revenue Inspector, any Salt, Abkari and Customs officer not inferior in rank to a Sub Inspector or any Police officer not inferior in grade to a head constable may inspect any consignment in transit in the Madras Presidency, and when he does so, he shall record his observations on the reverse of the permit with special reference to the condition of the seals and of the consignment as a whole.

No. 318.—The following resolution of the Government of India is republished :—

BOARD OF INDUSTRIES AND MUNITIONS.

Simla, the 28th September 1920

No. A-35.—In January last the Indian Tea Cess Committee represented to the Government of India that it was desirable to expand the propaganda work in connexion with the consumption of tea in India as well as in countries outside India and enquired whether there would be any objection from the point of view of Government to the rate of the cess levied under section 3 of the Indian Tea Cess Act (IX of 1903) being increased from ¼ pie per pound to a maximum of one

pie per pound. In reply the Government of India informed the Committee that they had no objection to the proposed increase of the cess provided there was practical unanimity in its favour among the tea planters and those engaged in the tea trade, and they asked the Committee to furnish them with the expressed approval of the various interests concerned in the proposal. The Committee have now intimated that the tea producing industry is unanimously in favour of the higher rate of cess.

2. The Government of India before recommending this proposal to His Majesty's Secretary of State consider it desirable to publish the proposal for criticism in the first instance. This Resolution will accordingly be published in the *Gazette of India* and any criticisms offered should be communicated to the Government of India before the 1st November 1920.

Fort St George, October 14, 1920.

No. 819.—The following resolution of the Government of India is republished :—

BOARD OF INDUSTRIES AND MUNITIONS.

Simla, the 25th September 1920.

No. M.-5/17.—The orders of His Majesty's Secretary of State for India have now been received on the question of the reorganisation of the Geological Survey of India in consequence of the recommendations of the Public Services Commission. The pay of all officers has been considerably improved and the strength of the department has been increased by ten additional officers.

The Government of India have now decided to publish for general information full details of the revised rules regulating the admission of officers to the Geological Survey of India. A copy of these rules is annexed to this Resolution.

Conditions for Indian Geological Survey, Appointments.

1. Applications for appointment should be made on a printed form to be obtained from the Revenue Secretary, India Office, London, S.W. 1. Appointments are made as occasion may require by the Secretary of State for India on the recommendation of a Committee including one or more geologists. Candidates must, if required, attend at the India Office, at their own expense, for a personal interview. Every candidate must be a British subject and at the time of his birth his father must have been, and must have since continued to be, a British subject; but power is reserved to the Secretary of State to make exceptions in special cases.

2. The age of candidates should ordinarily not exceed 25, but this rule may be relaxed in exceptional cases. Every candidate must be in sound bodily health, and will be required to satisfy the Medical Board at the India Office of his physical fitness in all respects to perform the duties of the Geological Survey, which involve considerable fatigue and exposure. Unmarried candidates are preferred.

3. Preference will be given to candidates who have served in His Majesty's Forces during the war. Completed years of combatant service will, subject to a maximum of four years, count for pay and promotion, but not for leave, while, as to pension, officers retiring after 20 and less than 25 years' service will be allowed to count a maximum of two years and those retiring after 25 years' service a maximum of three years.

4. Besides a good general education, a sound education in geology is essential; a University degree and a knowledge of French or German will be regarded as important qualifications; and certificates of good character will be required. Candidates must also have had one or two years' practical training in mines or in technical laboratories, as may be required by the Government of India.

The overseas allowance is admissible only in the case of officers of non-Indian domicile.

A local allowance of Rs. 150 per mensem is granted to the officer doing the work of Palæontologist at headquarters. The officer holding the appointment of Museum Curator receives special Presidency house-rent allowance of Rs. 150 per mensem.

No allowance of the nature of exchange compensation is given.

6. Pay commences from the date of arrival in India. Travelling allowances regulated by the rules applicable to the department are allowed at a rate calculated to cover actual expenses of tentage and locomotion.

7. A first class passage to India is given subject to the condition that its cost shall be refunded in the event of an officer resigning the service on grounds other than a certified ill-health before the expiry of the period of probation.

8. First appointments are probationary for two years, at the end of which time the probationer, if found qualified and retained in the department, will reckon his service for leave and pension from the date of arrival in India. If, on the expiry of the period of probation, the officer's service is determined, or if he is compelled by certified ill-health to resign the service before such expiry, he will be provided with a free first-class passage back to England.

9. Under ordinary circumstances all Assistants, unless they have special claims from previous training and experience elsewhere, will enter the department in the lowest class. The first increase of pay takes effect from the date on which the Assistant shall be declared to have passed the ordinary examination in the language of the country by the first or lower standard, according to the general rules provided for such examinations.

The annual increase will in all cases be granted only on the certificate of the Head of the department that the Assistants so recommended have fully deserved it by the intelligence and zeal with which their duties have been performed.

10. Promotion to the grade of Superintendent will depend on qualifications and merit and on the existence of vacancies in that grade. While local experience and training must always hold a very prominent place in estimating the position or the promotion of Assistants, it must be distinctly understood that mere seniority of service, unaccompanied by proved ability and steady devotion to duty, gives no claim to promotion into the higher grades of the staff of the Survey.

11. The leave, leave allowances, and pensions of officers of the department are governed by the provisions of the Civil Service Regulations applicable thereto. These regulations are liable to be modified by the Government of India from time to time. A copy of an abstract of them may be obtained from the Revenue Secretary, India Office, London, S.W. 1.

GOVERNMENT TRAINING CLASS FOR MEN TEACHERS IN EUROPEAN SCHOOLS, SANAWAR.

Applications for admission to the Training class will be received by the undersigned up to 15th November 1920. They should not be submitted direct to the Principal. Forms of application may be obtained from this office.

Candidates must be at least sixteen years of age, and must have passed the High School examination for European schools or the Matriculation or any higher examination of a University. Preference is given to older students who have had some teaching experience or have passed the Intermediate examination of a University.

Every candidate must produce a certificate of good moral character and a certificate from a commissioned medical officer that his health is good, and that he is suffering from no infirmity likely to interfere with the profession of a teacher.

The next course begins on 1st March 1921. The course lasts two years.

The Training class is under the immediate direction of Mr. T. G. Prince, B.A., B.T. The class is under the general superintendence of the Rev G. D Barne, M.A., Principal, Secretary, and Chaplain to the Lawrence Royal Military School, Sanawar, to whom all correspondence should be addressed.

The syllabus includes English, Geography, History, Urdu, Mathematics, Elementary Science and Drawing. In subjects specially relating to educational method, etc., the syllabus is founded on that of the London University Teaching Diploma.

Great attention is given to practical teaching under real school conditions as well as under criticism lesson conditions.

Physical training is carefully attended to, and students are required to pass an examination in the physical drill of a class of boys. There are ample opportunities for games, and there is a detachment of the Indian Defence Force always under training.

Stipends of Rs. 50 per mensem are awarded by Government to selected students. This sum is just enough to cover the cost of board, books, clothing and all ordinary expenses. High school scholarships are tenable in the Training class in addition to stipends. The cost of railway fare, second class, will be paid to each stipendiary student on joining and leaving Sanawar, and for the winter vacation (about two and a half months), if enjoyed.

Madras, 13th October 1920. J. H. MELVILLE,
Inspector of European Schools.

[On an average of the five years ending 1918–19 the area under gingelly in the Madras Presidency has represented some 16·3 per cent of the total area under gingelly in British India.]

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No. 42] MADRAS, TUESDAY EVENING, OCTOBER 19, 1920. [Price, 6 pies.

AUDIT ORDER ON THE ACCOUNTS OF THE MADRAS AND SOUTHERN MAHRATTA RAILWAY EMPLOYEES' URBAN BANK, LTD., MADRAS FOR THE CO-OPERATIVE YEAR ENDING 30TH JUNE 1920.

The accounts of the Madras and Southern Mahratta Railway Employees' Urban Bank, Ltd. for the year ending 30th June 1920 as audited by the city auditor are passed. Statements of (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities as approved by the Assistant Registrar are appended to this order.

2. The year under review is the fifteenth year of the bank's existence. The number of members rose from 5,038 at the beginning of the year to 6,752 at its end. The paid-up share capital of the members rose from Rs. 89,945 to Rs. 1,09,840 and deposits of members and non-members from Rs 1,06,436-7-5 to Rs. 1,21,460-10-1.

3. Three thousand two hundred and forty-four loans amounting to Rs. 2,41,758-5-1 were outstanding against members at the beginning of the year. During the year 2,995 loans amounting to Rs 3,92,925 were disbursed to members as against 2,790 loans amounting to Rs 3,40,265 in the previous year. Of these a sum of Rs 3,45,909-10-9 was repaid in 3,294 fully and partially discharged loans. So the number and amount of outstanding loans against members at the end of the year were 2,936 and Rs. 2,88,933-14-4 respectively. Out of this a sum of Rs. 4,343-4-8 was overdue towards principal as against Rs. 3,325-3-0 on the last day of the previous year.

4 The bank earned a net profit of Rs. 13,369-9-3 during the year as against Rs. 10,930-5-5 in the previous year. One-fourth of this viz., Rs. 3,342-14-4 should under by-law 26 be carried to the credit of the reserve fund. Out of the balance the bank shall meet the following charges and carry the balance if any to the reserve:—

(1) Carrying forward a sum not exceeding three months working expenses based in the average of the previous year.

(2) Payment of dividend to the members not exceeding 9 per cent on the paid-up share capital.

(3) Out of the balance if any 7½ per cent of the net profits.

5. The reserve fund of the bank on the last day of the year was Rs 22,522-3-0. Out of this a sum of Rs 13,785 was kept in the war loan bonds and the balance of Rs 2,737-3-0 in the general funds of the bank. The amount of Rs. 6,324-7-2 kept in the Madras Central Urban Bank on the last day of the penultimate year was completely withdrawn and invested in the war loan bonds. With this amount of Rs. 3,389-14-4 to be credited to the reserve fund as required in paragraph 4 supra, the total reserve fund will amount to Rs. 25,912-1-4. The bank is requested to remit Rs. 6,127, i.e., the reserve fund amount of the year under review and the amount kept in the general funds of the bank to the Madras Central Urban Bank for being invested therein towards reserve fund.

6. During the year under review the bank altered its by-law No. 26 in conformity with the Act and Rules. The division of net profits of 1918-19 was carried as per old by-law and as per condition laid down in paragraph 4 of the last audit order. The surplus after paying reserve fund, dividend and guarantee premia fund was Rs. 3,925-11-6. As the amount should not be carried forward to next year's profit (i.e., to the profit of the year under review) as per by-laws, the bank should report how it proposes to dispose of this amount. Payment of interest to the guarantee premia fund out of the net profits, is not allowed under the by-laws and it should be charged upon the general funds of the society as the amount is invested in the bank. The manner of investment of this fund in accordance with the last paragraph of by-law No. 40 shall be subject to the approval of the Registrar.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT

The following Report of the Select Committee on the Bill to provide for the punishment of malpractices in connexion with elections, and to make further provision for the conduct of

inquiries in regard to disputed elections to legislative bodies constituted under the Government of India Act was presented to the Indian Legislative Council on the 31st August, 1920 :—

Paper No. I.—From Agent to Governor General, Baluchistan, dated 14th July 1920, Chief Commissioner, Coorg, dated 22nd July 1920, Government of the Punjab, dated 2nd August 1920, Chief Commissioner, Central Provinces, dated 3rd August 1920, and enclosures, Chief Commissioner, Assam, dated 9th August 1920; Government of the United Provinces, dated 5th August 1920, and enclosures; Chief Commissioner, Delhi, dated 8th August 1920, and Chief Commissioner, North-West Frontier Province, dated 8th August 1920

Paper No. II.—From Government of Bihar and Orissa, dated 9th August 1920, and enclosures; Sir P. S. Sivaswami Ayyar, dated 31st August 1920, Chief Commissioner, Assam, dated 11th August 1920, and enclosures; Calcutta High Court, dated 14th August 1920, and Government of Burma, dated 17th August 1920, and enclosures.

Paper No. III.—From Government of Madras, dated 12th August 1920, and enclosures; Government of Bombay, dated 21st August 1920.

We, the undersigned, Members of the Select Committee to which the Indian Elections Offences and Inquiries Bill was referred, have considered the Bill and the papers noted in the margin and have now the honour to submit this our report, with the Bill as amended by us annexed thereto.

2. Before we proceed to a statement of the detailed amendments we propose in the Bill referred to us, we think we should advert to two important questions that have been raised in connexion with the Bill. In the first place, we have carefully considered the scope of Part I of the Bill. It has been suggested in some quarters that this part should be confined to offences committed in connexion with elections to legislative bodies constituted under the Government of India Act. After full consideration of this question, we feel there are distinct advantages at the present time when election is to play so important a part in the new public life of India that the public conscience should be markedly drawn to the danger of corrupt practices in relation to the franchise, whether that franchise relates to legislative or other bodies. We feel it is of the greatest importance that the principle of the purity of the franchise should be insisted on in the general criminal law of the country and that it should not be left to local legislatures to deal with the broad principles enacted in Part I of the Bill. There will be sufficient scope for those bodies in elaborating and supplementing the law as proposed in the Bill for we recognize that it is by no means exhaustive. Experience may no doubt show that minor offences will require to be provided against and that local conditions may need local treatment. We feel, however, that to lay down the broad basis of a law so necessary to protect the purity of the franchise is an appropriate piece of work for the Imperial Legislative Council.

3 The next important matter which we considered was the very difficult question of treating. We have been much impressed by the various opinions which have been recorded, in connexion with this Bill which point out that conditions in India are not the same as conditions in England. We further recognize that hospitality amounts almost to a religious duty in Indian life. While giving full weight, however, to these considerations, we are quite unable to admit any derogation of the general principle that the free exercise of electoral privileges must be protected, and that under the guise of hospitality exception cannot be permitted to the general rule that a gift, whether of food or otherwise, *with intent to influence a vote* is bribery and nothing else. We have, however, unanimously come to the conclusion that, without compromising the general principle we have enunciated above, a distinction can be made in the degree of punishment to be awarded for that class of bribery which is commonly known as treating. We, therefore, suggest as a reasonable solution of this very difficult question that bribery by treating should be punishable with fine only and not with imprisonment. We have discussed this question at some length because it is one which has attracted much attention in connexion with this Bill.

4. We now turn to a consideration of the particular amendments which we have inserted in the Bill.

In clause 2, sub-clause (1) we have inserted the word 'publish' so as to bring persons empowered to publish an electoral roll within the scope of the definition of public servant. We have slightly amended explanation 3 in this sub-clause so as to exclude the *ejusdem generis* rule.

5. In the clause which is to be inserted as section 171-B, in the Penal Code, dealing with bribery, we have added a proviso on the lines of the proviso to section 171-C, to make it clear *ex majore cautela* that a mere declaration of public policy or promise of public action can in no circumstances fall within the mischief of the section

6 In 171-C we have added words to make it clear that the second sub-clause is merely explanatory of the general definition in the first sub-clause and does not restrict the generality of the words used there. We have considered the criticisms on this clause based on the generality of the words employed, but we are satisfied that any attempt at specific enumeration would be open to a serious danger of loopholes in what we regard as a most salutary provision.

7. It has been pointed out to us that voting papers are not employed in all forms of election now in force, and we have therefore added in 171-D the words 'or votes' to provide for a case where voting papers are not employed.

8. In 171-E we have made the important amendment to which we have referred above, reducing the punishment in the case of bribery by treating to fine only. We have also considered the view which has been pressed upon us that the penalty of two years in the case of bribery other than treating and of personation at an election is too severe. The Bill referred to us punishes these offences with two years' imprisonment. We think there is something to be said for this point of view and have reduced the punishment in each case to imprisonment for one year.

9. 171-G which makes punishable the publication of false statements reflecting on the personal character of candidates originally prescribed the penalty of imprisonment up to a period of six months. Here again we think we may without unduly reducing the effectiveness of the provision reduce the penalty to one of fine only.

10. In connexion with the provisions of section 171-H, it was urged on us that in the large constituencies which exist in many parts of this country it would be unreasonable not to allow persons to incur small expenses on behalf of a candidate in anticipation of his sanction. We think there is a good deal to be said for this point of view and we have accordingly provided that expenses may be incurred without the authority of a candidate up to an amount of ten rupees subject to ratification by the candidate of the action taken within ten days of the date on which the expenses are incurred. We have inserted a proviso to section 171-H to give effect to the opinion

11. The amendments which we have made involve certain consequential amendments in Part I to which we need not refer further, and we have also made certain small drafting changes.

12. Part II of the Bill which deals with election inquiries and other matters applies only in the case of elections to legislative bodies The changes we have made in this part are not numerous

13. We have slightly amended clause 5 so as to empower the commissioners to require the deposit of witnesses' expenses and we have also inserted words to make it clear that commissioners may summon and examine *suo motu* any person whose evidence is likely to be material.

14. To prevent a misconception which appears to have been entertained by some of those who have criticised the Bill, we have made it clear in the proviso to clause 8 of the Bill that the certificate of indemnity there referred to is a defence only in the case of a prosecution for an election offence.

15. We do not understand why the disqualification imposed by clause 13 should be confined to magistrates and we have extended it to any judicial office. As an offence under 171-G, is now only punishable with fine we have deleted the reference to that section in the same clause

16. The Hon'ble Mr. Sastri raised the question whether provision should not be made penalising breach of the secrecy of the ballot, at any rate in the case of the elections to legislative bodies. Many of us are in sympathy with the views expressed by our Honourable Colleague, but we think that the matter will be more properly brought before the Council by a definite amendment in Council recommending the insertion of such a provision In our opinion if the amendment were accepted it might conveniently be inserted as an additional clause to Part II of the Bill.

Secretary to the Government of India

The following Report of the Select Committee on the Bill to constitute an Imperial Bank of India and for other purposes was presented to the Indian Legislative Council on the 31st August, 1920 :—

We, the undersigned, Members of the Select Committee to which the Bill to constitute an Imperial Bank of India and for other purposes was referred, have considered the Bill, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. We have met on many occasions both at Delhi and Simla, and owing to the protracted nature of our deliberations the constitution of our body has undergone several changes. We would particularly refer with regret to the loss we have suffered from the death of our honoured colleague, Rai Sitanath Roy Bahadur. During our sittings at Delhi we took the opportunity of examining as a witness Mr Bomanjee of Bombay who tendered himself for that purpose, and we listened with interest to his evidence, and desire to place on record our thanks to him for his attendance.

3. Before we discuss the details of the amendments we have suggested in the Bill we may refer at once to the question which was much agitated before us, namely, the constitution of the Central Board of the Bank. We have been pressed to provide a definite Indian element on that body. We recognise that the Imperial Bank will not be a corporation in which the interests of the shareholders are alone to be considered, for it will receive to a large measure Government support, and as the Honourable the Finance Member in dealing with the Bill in Council pointed out, representation of a special nature on a Board of a Bank of this character is neither unreasonable nor remarkable. We have, however, throughout our deliberations felt the gravest objection to attempting to embody in an act of the legislature any racial qualification, and we feel convinced that as far as the elective portion of the Board is concerned the matter must be left to the shareholders. Such representation of a special character as is accorded appears to us to be appropriately afforded by the road of nomination by the Governor-General in Council, since this provides the most effectual means of securing representation of the interest of the Indian taxpayer. After much discussion and consideration, we think such representation will be adequately provided for by the provision we have inserted in the Bill which enables not more than four non-official persons to be nominated Governors of the Bank. We have unanimously accepted this as a satisfactory and practical solution of the difficulty of harmonizing the rights of shareholders with the legitimate aspiration for some measure of representation of the Indian taxpayer and we commend it to the favourable consideration of the Council. We feel that we should notice this important point before proceeding, as we now do, to a consideration of the detailed amendments which we have made in the Bill.

4. We have amended the provision in clause 5 (4) of the Bill which deals with the disposal of odd numbers of fractional certificates so as to prevent a reduction in the capital of the Bank which would have resulted from the provision as it originally appeared in the Bill. Under our amendment such certificates will be surrendered to the Bank which will sell them from time to time and divide the net sale-proceeds proportionately among the holders of the certificates. We think further, that the time allowed for the surrender of fractional certificates was insufficient and we have extended it to three months in the case of persons resident in India and in other cases to a period of six months.

5. We consider that notice of the option rights available to shareholders of the presidency banks should be widely circulated, and we have, therefore provided in sub-clause (3) of the same clause that notice thereof should be published in two daily papers in each presidency.

6. We consider that the provision in clause 9 of the Bill restricting the dealings of the London Officer of the Bank to persons who are customers of the Bank is too narrow, and we have extended it to cover the case of persons who have been customers of the Bank or of the Presidency Banks within the three years last preceding.

7. It has been suggested to us that some confusion might arise from the use of the term 'office' in clause 28, and we have, therefore, used the term 'local head office' in this clause and have made the consequential alterations throughout the Bill. This phraseology seems to us to be logical and to agree with the use of the term 'local board' in the Bill.

8. We have already referred to the important amendment made in the constitution of the Central Board which is dealt with in clause 28 of the Bill, but we have also made certain important amendments in this clause to which we must now refer. In the first place, we have provided that the number of Managing Governors shall be such number not exceeding two as the Governor-General in Council may direct. The Bill as it was referred to us provided for the reduction of the Managing Governors to one on the occurrence of a vacancy after two years from the commencement of the Act. It has been represented to us, and we believe the contention to be well-founded, that it is improbable that such a reduction can be effected, and at any rate we feel that there should be no statutory requirement enforcing such a reduction. We have provided further that the Presidents, Vice-Presidents and Secretaries of the Local Boards constituted by the Bill, that is to say, the Local Boards at Calcutta, Madras and Bombay, should alone be ex-officio Governors. The representation of other local boards which may be constituted is under the clause as amended by us, left to be prescribed by the Central Board.

Further, on an amendment which was much pressed on us by our colleague, the Hon'ble Mr. Tata, we have amended sub-clause (2) of this clause so as to restrict the voting power of any Governors appointed to represent new local boards.

9. The power to make bye-laws is conferred by clause 31 of the Bill, and we have altered the power requiring bye-laws to be made so as to provide that in every case advances made to officers of the Bank without security shall come before the scrutiny of the local board. In the permissive rule-making power we have inserted a definite reference to the constitution of pension and provident funds, as we think we ought to make it clear that the constitution of such funds is within the powers of the Bank.

10. We have amended sub-clause (2) of clause 32 so as to cover the case of powers to *hold* shares, and we have added a new sub-clause (3) to cover powers of attorney held by the Presidency Bank.

11. In Schedule I of the Bill, which is an important Schedule dealing with the business which the Bank is authorized or not authorized to transact, we have deleted the entry in part I, clause 1, sub-clause (v). We are not satisfied that the clause as drawn covers any security which is not already covered by sub-clause (iv) of the same clause, and in so far as it may be construed to exceed the powers conferred by that sub-clause appears to us to be open to objection.

12. In Schedule II of the Bill, which schedule contains provisions which in the case of an ordinary company would be relegated to Articles, we have made a few changes. In Article 5, we have extended the time at which calls may succeed one another from one to two months, and similarly the period of notice of a call. At the invitation of our Hon'ble colleague, Mr. Tata, we have provided, in Article 23, that two consecutive annual general meetings shall not be held at the same place, and we have provided an indication of our desire that wider notice should be given of the holding of a general meeting than is contemplated by mere gazette publication.

13. As regards Article 24 we think the enlargement of the Bank requires that the power to convene a special meeting should be restricted to a larger number of shareholders and a larger share qualification than the Bill contemplates. The Bill merely reproduces the provisions of the existing Presidency Banks Act, and seems to us to require amendment. We have, therefore, substituted one hundred shareholders for ten, and the share qualification of five hundred thousand rupees for fifty thousand rupees. Similarly, and for the same reason we have enlarged the quorum required by Article 25 to two hundred shareholders, and in Article 27 have only allowed a poll to be demanded at the request of ten instead of five shareholders.

14. In Article 32 we have made provision for a minor voting through his guardian.

15. In Article 35 we have enlarged the period for examination of proxies from 72 to 96 hours.

16. In Article 38 we have made an amendment to provide that the larger numbers of shareholders required for the convening of special meetings, quorums and demands for polls should not apply in the case of the local boards, and we have retained in this Article the provisions of the existing Act.

17. It was pressed upon us that it would be desirable to permit a director of another Bank to be nominated a Governor by the Governor-General in Council and we have amended Article 39 accordingly; in sub-clause (3) of the same Article we have provided that no two directors of a private company shall serve at the same time on the Central or a Local Board.

18. In order to meet the suggestion that the Central Board might neglect certain of its local head offices, we have provided that this body shall meet at least once in every year at each local head office established by the Act.

19. We have slightly expanded the provisions of the Bill in regard to notices, and in particular have provided the manner in which notice may be served on the Bank.

20. We have made other small drafting alterations to which we need not draw particular attention.

21. As ordered by the Council, the Bill was published in English in the *Gazette of India* of the 8th March, 1919.

22. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

STATEMENT OF OBJECTS AND REASONS.

In paragraph 26 of their report the Committee on the Division of Subjects observed that the existing control of the Government of India over provincial administration found expression in the provisions of a considerable number of Acts and Regulations, which specially reserve power to the Governor General in Council, or require his previous sanction or subsequent approval to action taken by the provincial Governments. The Committee recommended that the question of relaxing this control should be carefully examined in the light of the suggestions for devolution laid before them by the Government of India and local Governments and of the new relations to be established between the central and provincial Governments, and expressed the opinion that the revision of the enactments in question, in such a manner as to eliminate provisions requiring references to the Government of India which were no longer considered necessary, might advantageously be effected in the interval before the reform scheme took effect. The Government of India accepted this recommendation in paragraph 9 of their 9th despatch of April 16, 1919, and with the object of giving effect thereto they have since carefully examined all provisions of the kind referred to, which are contained in the Indian Statute Book. The results of this examination are embodied in the Bill. The amendments of existing legislation proposed are numerous, but all fall under two classes. One class of amendment substitutes for the Governor General in Council the local Government as the statutory authority for the performance of certain functions. The other class removes the necessity, hitherto imposed on local Governments, for obtaining in certain cases the previous sanction of the Governor General in Council, or abrogates the control at present exercised by the central Government over local Governments. Taken together the amendments constitute a very substantial delegation of authority to local Governments and are thus an important development of the policy embodied in the Government of India Act, 1919.

INDENTURE B.

Date.	Parties.	Short effect.
31st August 1920 .. .. Registered at Madras on 21st August 1920, being Serial No. 2825 of 1920 in Registration Book No. 1 of the office of the Registrar of Madras-Chingleput.	John Anderson Thorne, Secretary to the Board of Revenue, Madras, Fazl Appaswami, The Hon'ble Mr. Muthuh David Devadoss, the Reverend Duncan Gordon MacNaughton Leith and the Reverend Anthony Watson Brough (thereto referred to as the Trustees), of the one part and the Commonwealth Trust, Limited, a company registered under the English Companies Acts (thereto referred to as the Company) of the other part.	Being a transfer on the terms and conditions and subject to the reservations thereon mentioned by the Trustees to the Company of the undertaking and property comprised in the deed, dated 26th January 1920 and referred to above as Indenture A.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to validate certain action which has been taken in connexion with the property formerly belonging to the Basel Mission Trading Company. That Company was a Trading Company with headquarters at Basel in Switzerland but was intimately connected with the Lutheran Missions in Madras. During the war Government decided to take action against this Company under the Enemy Trading Act, 1916, because it was found that it was tainted by German influence. The property belonging to the Company was vested in the Custodian of Enemy Property, Madras and Coorg, by an Order of the Governor-General in Council issued under section 7 of the Act. By a further Order of the Governor-General in Council the Custodian was directed to transfer these properties to a Board of Trustees formed in Madras who were empowered by the deed of transfer to administer the property subject to certain trusts. The properties have now been transferred from the Board of Trustees to the Commonwealth Trust, Limited, on certain terms and conditions and subject to a right of re-entry by the Trustees if the Commonwealth Trust, Limited, fails to observe and perform the covenants entered into in the Deed of Transfer.

The Commonwealth Trust, Limited, is a Company which has been formed in England with the approval of the Secretaries of State for India and the Colonies to carry on the work formerly conducted by the Basel Mission Trading Company in India and other countries. The shareholders of the Company are entitled under its Articles of Association to receive dividends only at the rate of 5 *per cent* per annum, cumulative, and the Articles of Association provide that the balance of the profits shall be used for the purpose of benefiting the populations of the countries in which the Company carries on business and of promoting the religious, moral, intellectual and industrial education, welfare and development of such populations and the individual members thereof. It is desirable that the transfer from the Custodian to the Trustees and from the Trustees to the Commonwealth Trust should be placed in an unassailable legal position and the main object of the present Bill is to effect this.

The only other provision in the Bill which calls for comment is clause 4. Under this clause creditors of the Basel Mission Trading Company are barred from suing for any sums alleged to be due by the Basel Mission Trading Company unless the consent of the Governor-General in Council has first been obtained. The Basel Mission Trading Company had many liabilities outside India and the properties of the Company in India have been transferred to the Commonwealth Trust, Limited, as a going concern. It is clear that the Indian undertaking should not be held to be liable for debts which may have been incurred by the Basel Mission Trading Company in countries in which the Commonwealth Trust, Limited, will not trade. The power which has been retained in the hands of the Governor-General in Council to allow suits or other legal proceedings to be brought for such debts will secure that no injustice is inflicted on this account.

Repeal of Ordinance III of 1920. 3. The Gold Ordinance, 1920, is hereby repealed. III of 1920.

The Indian Exchange and Currency Committee recommended that the sovereign and the half-sovereign, which are declared by section 11 of the Indian Coinage Act, III of 1906, to be legal tender in India at the rate of rupees fifteen for one sovereign should in future be legal tender at the rate of rupees ten for one sovereign. In pursuance of the policy recommended by the Committee, the acceptance of which was announced in the Finance Department Notification of the 2nd February last, the restrictions on the import of gold into India were removed in June last, and at the same time, pending alteration of the rate at which sovereigns and half-sovereigns are legal tender, an Ordinance was promulgated by the Governor-General declaring that these coins should cease to be legal tender. The present Bill gives effect to the change in the legal tender ratio recommended by the Committee.

Repeal of section 111 of Act VIII of 1911. 10. Section 111 of the said Act is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

The objects of the Bill are the abolition of corporal punishment in His Majesty's Indian Forces, the introduction of field punishment as a substitute on active service for corporal punishment, and the removal of certain difficulties which have been experienced in connexion with the trial by court-martial of persons subject to the Act for offences which are of over three years' standing but are of so serious a nature that they should not be allowed to go unpunished

2. Corporal punishment was abolished long ago in the British Forces and it is felt that the time has come when it may be abolished also in the Indian Forces Some special form of punishment is, however, still required to suit the exigencies of active service, and, therefore, the Bill provides for the specification and infliction of field punishment as nearly as possible in the same manner as it is provided for by the Army Act (44 and 45 Vict., c. 58) in the British Forces. Slight amendments, consequential on the introduction of field punishment, are also made in order to provide for penal deductions from the pay of a person undergoing field punishment, all being in consonance with similar provisions in the Army Act.

3 It is also proposed at the same time to take the opportunity of defining more clearly by an amendment of section 24 of the Indian Army Act, 1911, the functions of a provost-marshal.

4. The peculiar circumstances of the great war have disclosed a defect latent in section 67 of the Act which was not previously apparent. Owing to this defect offenders undoubtedly guilty of very serious offences have escaped punishment. In the interests of justice it is necessary to remove this defect and the Bill does this by bringing the section into line with section 161 of the Army Act.

C. C. MONRO, General,
Commander-in-Chief in India.

SIMLA,
The 31st August, 1920

A. P. MUDDIMAN,
Secretary to the Government of India.

The following Bill was introduced in the Indian Legislative Council on the 2nd September 1920 :—

BILL No. 40 of 1920.

A Bill to terminate certain doubts which have arisen in connexion with the Indian Income-tax Act, 1918.

WHEREAS doubts have arisen and may arise as to the meaning of the expression "house property" in section 8 of the Indian Income-tax Act, 1918; and VII of 1918.

Whereas it is expedient to terminate such doubts and to prevent certain double allowances under the said Act; It is hereby enacted as follows :—

Short title. 1. (*1*) This Act may be called the Indian Income-tax (Business Premises) Act, 1920.

Construction of section 8 of Act VII of 1918. 2. (*1*) The expression "house property" in section 8 of the Indian Income-tax Act, 1918, shall be deemed to include business premises and the said Act shall be construed accordingly. VII of 1918.

(*2*) Where an allowance may be made on the same grounds under section 8 and section 9 of the said Act, the assessee may elect under which section he will take the benefit, but no such allowance shall be made in respect of the same premises under both sections, and for the purposes of this provision the allowance of one-sixth of the annual value of business premises under section 8, clause (*i*) of the said Act shall be deemed to be an alternative allowance to the allowance of the amount expended in repair of such premises under section 9 of the said Act.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to clear up an ambiguity in section 8 of the Indian Income-tax Act, 1918, which has been brought to notice in a recent judgment of the Allahabad High Court. Clause 2 (*1*) provides that the annual value of business premises shall be liable to assessment under section 8 of the Indian Income-tax Act, 1918, and clause 2 (*2*) prevents an assessee from receiving an allowance for land-revenue, insurance premiums, and repairs in respect of his business premises under both sections 8 and 9 of the main Act.

Repeal.

19. The Indian Paper Currency (Temporary Amendment) Act, 1920, is hereby repealed. XXI of 1920.

STATEMENT OF OBJECTS AND REASONS.

The Indian Exchange and Currency Committee made certain recommendations regarding the permanent constitution of the Paper Currency Reserve and the temporary arrangements which should obtain till the Government of India were in a position to give effect to the provisions relating to the permanent constitution. Pending formulation of definite proposals on these matters, power was obtained in March last by a temporary enactment which expires on the 1st October next to continue subject to certain qualifications, the limit on the total investments on behalf of the Reserve authorized by temporary legislation enacted during the war. The main object of the present Bill is to prescribe the permanent constitution of the Reserve and the temporary arrangements which should obtain on the expiry of the enactment mentioned above and until effect can be given to the provisions relating to the permanent constitution.

2. Another important object of the Bill is to alter the ratio which notes can be issued from the Reserve in exchange for gold coin which is not legal tender or for gold bullion, from 7·53344 grains troy of fine gold per rupee to 11·40016 grains per rupee. This change is consequential on the change in the ratio at which the sovereign and the half-sovereign will in future be legal tender; a separate Bill amending the Indian Coinage Act III of 1906 to give effect to the latter change has been brought before the Indian Legislative Council during the present session.

3. Sections 12, 14 and 15 of the Bill deal with the permanent constitution, the more important provisions in regard to which are as follows :—

(*i*) The metallic reserve shall be at least 50 per cent of the total reserve, no issues of currency notes against securities being permissible which will reduce the metallic reserve below this minimum.

(*ii*) Investments securities of the Government of India will be limited to a maximum of Rs. 20 crores of which not more than Rs. 12 crores may be in the form of securities created by the Government of India and issued to the reserve.

(*iii*) Investments in sterling securities will be confined to securities issued by the United Kingdom which mature within one year from the date of purchase

(*iv*) Coin or bullion will be reckoned as forming part of the Reserve (*a*) when held by the Secretary of State for India, provided that gold coin or bullion so held does not exceed £5 million, (*b*) when held in any part of His Majesty's dominions for coinage or transmission to India, and (*c*) when in course of transmission from the Secretary of State for India or the Government of any part of His Majesty's dominions to India or *vice versa*.

(*v*) Notwithstanding the provisions in (*i*) above, the Governor-General in Council may authorise the Controller of Currency to issue Currency notes up to an amount not exceeding 5 crores of rupees against bills of exchange of a maturity not exceeding 90 days which satisfy such other conditions as may be prescribed by the Governor-General in Council

4. The provisions in (*i*) to (*iii*) above do not need comment. The object of (*iv*) is to enable coin or bullion to be reckoned as part of the reserve when held by the Secretary of State for the purchase of silver or other purpose or when bullion has (for instance, pending completion of the Indian gold mint) to be sent to any part of His Majesty's dominions for coinage on behalf of the Government of India, but it is proposed that the amount of gold coin or bullion to be held at any time by the Secretary of State shall not exceed £ 5 million. As regards (*v*), the Indian Exchange and Currency Committee recommended that, to meet the seasonal demand for an expansion of the currency, power should be taken to issue notes up to an amount not exceeding 5 crores of rupees, against commercial bills of exchange. It is proposed to adopt this recommendation, the class of bills against which the notes will be issued and the procedure in this connexion being determined by rules framed by the Governor-General in Council.

5. It will not be possible for some time to bring into effect the foregoing provisions in regard to the permanent constitution of the Reserve, while it is necessary immediately to hold a much larger amount in the form of rupee securities than the maximum contemplated under the permanent arrangements owing to the re-valuation of the gold and sterling securities at present held in the Reserve at the rate of rupees ten per pound and to the issue of rupee securities created to make up the resultant deficiency. Until the Government of India are in a position to give effect to the permanent constitution, it is proposed accordingly to continue the provisions, in regard to the holdings of securities included in the temporary enactment of March last with the modification that the limit for the total investment, sterling and rupee, taken together shall stand at 85 crores instead of 1.20 crores authorised by Act XXI of 1920. The former figure includes the amount of rupee securities which it is necessary to issue to the Reserve in consequence of the re-valuation of the gold and sterling securities at present held in it.

With a view to secure that the holding of rupee securities is reduced within a reasonable period to the amount permissible under the permanent constitution, the Bill provides further that all interest derived from securities held in the Reserve shall be applied, from the 1st April 1921, and so long as it is necessary to do so, to the reduction of the holding of created rupee securities, and that the fact of such application should be attested by the Auditor-General every year.

The Bill also provides that the provisions in the permanent constitution in regard to the treatment as part of the Reserve of coin or bullion in transit to or from India or held in any part of His Majesty's dominions for coinage or transmission to India and in regard to the issue of notes against commercial bills of exchange should be in force during the transitional period.

6. The opportunity has been taken to make some minor amendments in the existing Paper Currency Act, the more important of which are as follows :—

(*a*) It is proposed to amend section 2 of the Act, so as to extend statutory universality to notes of the denomination value of Rs 100. These are already declared universal by a notification issued by the Government of India.

(*b*) The designation of the department is changed from the Department of Paper Currency to the Currency Department, of the principal officer in charge from the Head Commissioner of Paper Currency to the Controller of the Currency and of officers in charge of circles from Commissioners of Paper Currency to Deputy Controllers of the Currency.

(*c*) The provision in the existing Act that the Calcutta Circle shall be in charge of the principal officer is omitted so as to permit of a Deputy Controller being in charge of that circle.

(*d*) Owing to the introduction of a nickel half rupee, it is made clear that currency notes may be issued only against silver half rupees.

(*e*) Owing to the abolition of the registration of notes of a smaller denominational value than Rs. 50, it is proposed to amend the first proviso to section 19 of the existing Act so as to exclude notes of these values from the calculation of the amount of notes not deemed to be in circulation.

(*f*) The Government of India are advised that under the law as it stands at present full payment should be made on all lost or destroyed notes on a sufficient indemnity being given, but no indemnity can protect Government in the case of notes of values up to and including Rs. 10 as the system of registration of these notes has been abolished and no check can be exercised against double payments. With a view to place on a legal footing the present practice in regard to the payment of these notes, a provision is accordingly included in the Bill that no person shall as of right be entitled to recover from Government the value of any lost, mutilated, or imperfect currency note, provided that the Governor-General in Council may by rule prescribe the circumstances and conditions under which the value of such notes may be refunded as of grace.

Secretary to the Government of India.

The following report of the Select Committee on the Bill to establish and incorporate a teaching and residential Muslim University at Aligarh was presented to the Indian Legislative Council on the 2nd September 1920 :—

We, the undersigned, Members of the Select Committee to which the Bill to establish and incorporate a teaching and residential Muslim University at Aligarh was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. The chief alterations that we have made in the Bill are in respect of the constitution of the Visiting Board, the Court, the Executive Council and the Academic Council. We have also slightly enlarged the powers of the University and provided that it may recognise Intermediate colleges and schools under certain conditions within the Aligarh district.

In reference to the constitution of the Court we have retained the provision that no person other than Muslim shall be a member thereof. We have done this as we understand that such a provision is in accordance with the preponderance of Muslim feeling though some of us are by no means satisfied that such a provision is necessary.

3. In the following paragraphs we have set out in detail the alterations which we have proposed.

4. In clause 4 we have inserted a sub-clause on the lines of section 29 (3) of the Benares Hindu University Act in order to make it clear that any will or deed, whether executed before or after the commencement of the Act, which contains any bequest, gift or, trust in favour of the present Muhammadan Anglo-Oriental College or the Societies which have had for their object the foundation of this University shall be construed as if the University were named instead of the College or Society. This we have done as we consider that sub-clause (iii) of clause 4 as drafted might be held not to be sufficiently comprehensive.

5. In clause 5 we have added three further powers to those to be conferred on the University. We have made it clear that Travelling Fellowships can be instituted and awarded. We have added the words "and other charges" to the word "fees" which may be demanded and received from the students by the University in order to permit charges for athletic or other pursuits being made obligatory if necessary. We have further added to the general clause dealing with the powers of the University the words "to promote the interests of its students." This we have done in order to enable the University to establish if it thinks fit a Bureau to secure employment for students on the completion of their University education.

6. In clause 8 we have added a power to prescribe special courses of study for women.

7. In clause 12 we have added a clause, as already mentioned, to permit, subject to the control of the Visiting Board, power to the University to confer privileges on intermediate colleges and schools within the Aligarh district. This we have done as it may occur that Intermediate colleges and schools specially intended to prepare students for the University may spring up in its neighbourhood and if so it may be thought desirable that the University should have some supervision over their teaching.

8. In clause 14 we have altered the composition of the Visiting Board from that which was originally proposed. We think it preferable that the Visiting Board should not be a body composed of the two parts of the Local Government as it will exist under the Reform scheme, sitting together and deciding matters by a majority of votes. To remedy this we have proposed to expand the Board and include in it one nominee of the Governor and one nominee of the Minister in charge of education; but we feel this is a matter on which the Lieutenant-Governor of the United Provinces should be consulted before a final decision is reached.

We have also made provision in this clause that the Visiting Board shall give notice to the University before it makes an inspection and the University shall be entitled to be represented at any inspection. In this respect we follow the provisions which have already been made in respect of an inspection by the Lord Rector in clause 13.

9. We have deleted from clause 15 the provision for Patrons and Vice-Patrons and have made consequential modifications in other parts of the Bill and Statutes. This we have done at the special wish of our Muslim members.

10. In clause 17 we have added a provision requiring that the conferment of honorary degrees shall be subject to the confirmation of the Chancellor. In this respect we have followed the provisions of the Dacca University Act.

11. In clause 20 we have deleted the provision that the appointment of the Pro-Vice-Chancellor shall be subject to the approval of the Visiting Board and have thereby given the Court an uncontrolled discretion in making such appointment.

12. We have already referred to the provision in clause 23 that no non-Muslim shall be a member of the Court. We have added provision to this clause by which the Court can direct the Executive bodies of the University to take necessary action on any recommendation received from the Lord Rector.

13. In clause 30 we have inserted a provision as to the making of the first Ordinances which shall be framed in accordance with the directions given by the Governor-General in Council. In this respect we have followed the provision in the Benares Hindu University Act. We have also substituted the Lord Rector as the authority who shall nominate a High Court Judge on the Board to settle disputes between the Executive and Academic Councils as to the power of making Ordinances. This we have done so as to have a wider field of selection than would have been possible if the authority had been one having no power of selection outside the United Provinces.

14. In clause 32 (5) we have added a provision that students who at the time of the commencement of the Act are studying for the Allahabad courses may continue to be admitted to the Allahabad examinations notwithstanding anything in the Indian Universities Act to the contrary.

15. In clause 33 we have omitted the provision which was originally inserted for the filling of casual vacancies among examiners, feeling that it is a matter which would be more appropriately left to Ordinances.

16. In clause 35 we have substituted the Visiting Board for the Court as the authority to appoint the Auditor. We feel that it is desirable that the appointment of the Auditor should be made by an authority outside the University and that he should not have to look for his appointment to the votes of an electorate of about 200 persons.

17. In clause 36 (2) we have substituted for the last sentence the same wording as is being substituted in the corresponding section of the Dacca University Act by the Repealing and Amending Bill now before Council.

18. In the Schedule, Statute 1 has been amended in view of the omission of Patrons and Vice-Patrons.

19. In Statute 2 we have omitted the provision that the Vice-Chancellor shall reside at Aligarh and may be granted such allowance as the Court thinks fit. The Vice-Chancellor will be an honorary officer and it is not desirable therefore to make provision restricting his residence or providing for what would amount to a salary.

20. In Statute 6 besides certain drafting alterations we have specially provided that the Registrar should be the Custodian of the seal. We understand from our Colleague Sir D. P. Sarbadhikari that difficulty has been felt in other places owing to the absence of such a provision.

21. We have made considerable changes in regard to the constitution of the Court in Statute 8. We have added the Pro-Chancellor as an *ex officio* member, in order to bring the Statute into accordance with clause 23 of the Bill. We have included among the donors both those who have contributed and those who will contribute in the future. We have felt considerable difficulty as to the two provisions in the Bill for election of graduates and undergraduates partly by persons who are not Members of the Old Boys' Association and partly by those who are Members of that body, the Old Boys' Association being a body which could change its constitution without the leave of the University and membership of which may be obtained by non-graduates. We recognise that it is desirable to make provision by which the former students of the Muhammadan Anglo-Oriental College, Aligarh, who under the present constitution elect certain members on the Board of Trustees of the present College should have some representation on the Court. We have therefore provided that the registered graduates should be represented by 40 persons on the Court but that half of them should be persons who are members of an Association recognised by the Court. By speaking of no Association recognised by the Court we avoid certain drafting difficulties which arise if the Old Boys' Association is specifically mentioned in the Statute. We have reduced the number of persons to be elected by the Central Committee of the All-India Muhammadan Educational Conference from 30 to 20 and have added 10 persons to be nominated by the Chancellor. We have provided against plural voting at an election to the Court in cases where electors may be entitled to vote in more than one electorate. We have also provided that a majority of two-thirds of the whole Court shall be necessary in order to remove a member.

22. The alterations we have made in Statute 11 are consequential on those in Statute 8.

23. In Statute 15 we have enlarged the Executive Council from 18 to 30 members and in consequence have enlarged the quorum to eleven and made other consequential alterations in the section. We have also added a clause, following the precedent of the Benares Hindu University Act, to provide that seven members of the Executive Council shall not be residents of the province. The Executive Council is also given power to make rules for elections to its body.

24. The alteration in Statute 16 are consequential on the other changes in the Bill to which we have already referred.

25. In Statute 17 we have done away with the restriction under which the Academic Council should not consist of more than 80 persons, in view of the fact that the number of members will be regulated by the number of Departments of Study which the University may institute. We have added the Proctor as a member of the Academic Council. We have made the Chairmen of Departments of Studies members of this Council in place of the Conveners and have made corresponding alterations in Statutes 19 and 20. We have also added a provision for the term of office of elected members being restricted to three years, in this respect following the corresponding Statute of the Dacca University.

26. In Statute 18 we have omitted the provision that the Academic Council shall decide what persons are entitled to ordinary degrees or diplomas, as unnecessary, as that body will publish the results of the examinations and the degrees and diplomas should be granted in accordance with such published results. We have made it clear that the Academic Council prescribes syllabuses in consultation with the Departments of Studies. In connexion with this Statute a suggestion was made that it was necessary to have a committee of co-ordination. We feel however that the powers we have now given to the Academic Council and the powers that exist in virtue of Statute 23 under which the Academic Council can appoint standing or special committees, provide machinery for ensuring due co-ordination between the different departments

27. Feeling that the present resources of the University will not ensure the teaching of all branches of knowledge at once, we have divided the Departments of Studies in Statute 19 into two classes, those which shall immediately come into existence (being those for which provision already exists at Aligarh) and those which shall come into existence so soon as the circumstances will permit. In connexion with these last we have added to the original list four new branches, e.g., Agriculture, Medicine, Commerce and Technology.

28. In Statute 27 we have made an amendment in order to make it clear that the Executive Council shall not appoint to the teaching staff persons who are not recommended by the Committee of Appointment while at the same time leaving to the Executive Council a discretion to appoint any person who is on a list of persons recommended by it.

29. We have also made other smaller drafting and consequential amendments.

30. The publication ordered by the Council has been made as follows :—

*Subject of Minute of Dissent.

MINUTE OF DISSENT.

In Council, as well as in Select Committee, I pressed for withdrawal from the Bill of restrictions against non-Moslem representatives on the Court of the University, which in the terms of clause 23 of the Bill, is its "Supreme Governing Body."

I shall not labour the reasons against such exclusion in this note, as I set them forth in Council and in Select Committee.

The discussion in the Select Committee gave me the gratifying belief that neither officials, nor Muhammadans as a rule, are in favour of this exclusion or against my motion for its omission. Though for reasons of expediency some Muhammadan Members did not see their way of voting with me (while others unhesitatingly did) I am free to conclude and urge that Muhammadans as a body or even by a majority are not in favour of the exclusion Some Muhammadans, on the Benares analogy, and therefore as a matter of sentiment, would prefer non-Moslems being kept out of the Court for the time being—not as a matter of reason or necessity.

I am sorry I did not agree to a suggestion in the Select Committee that the exclusion should not apply to *ex-officio* Members. This would be a working compromise for the time being and may be applied also to teachers. It is open to the Hon'ble Member-in-charge, if he sees fit, to

accept this and move for its adoption in Council. I am grateful to him for having me added to the Select Committee and I am grateful to my Colleagues on the Select Committee for accepting most of my suggestions in detail for improvement of the Bill, which I felt it my duty to press in no unfriendly spirit but purely as a matter of practical usefulness in the light of past experience. I am glad that non-Moslem members will be permitted to belong to other authorities and bodies of the University and I hope that those whose privilege will be to do so, will loyally co-operate and help in making successful a measure, which after all primarily affects our Muslim brethren.

From this point of view and in this spirit I desire to call attention of the Council to the still outstanding matters mentioned below, which appear to be capable of improvement from the point of educational interest and efficiency :—

1. Omission or exclusion of non-Muslims in the case at least of *ex-officio* Members and teachers from the Court.

(*N.B.*—Inclusion of the Pro-Vice-Chancellor is of the utmost importance.)

2. Necessity of giving the Court more and real powers such as the power to initiate and amend statutes if need be (after reference to the subordinate authorities), the power of ordering the Executive Council to carry out its orders and not merely leaving the Executive Council to carry out orders in such a way as it thinks fit [in the manner provided in clauses 34 and 35 (3) and in other places].

3. The power vested in the Visiting Board under clause 30 (4) about appointing a Tribunal should be vested in the Court.

4. Regulations framed under clause 31 (*f*) should be subject to confirmation of the Court.

5. Clause 32 (*b*) should be omitted and the University should be left to exercise the discretion and power of recognising degrees and courses of studies of other Universities.

6. Some industrial side like Technology or Agriculture should be transferred to the list of Departments of Studies to be immediately constituted under Statute 19 (*f*), which would lead to more usefulness and attractiveness than Law.

7. The Executive Council ought not to be limited to the recommendations of the Committee of Appointment in making appointments under Statute 20. Reference to the Court for having to make appointments outside the recommendations of the Board of Appointment would lead to delay or trouble. The Board is after all a mere Advisory and not practically the Appointing Body.

8. Three-fold powers of supervision by the Lord Rector, the Governor-General in Council and the Visiting Board should be suitably relaxed. The brake power is far greater than the motive—altogether disproportionate.

9. A Board of Co-ordination on lines of Dacca Statute No. 9 would be useful.

The following report of the Select Committee on the Bill to take power to require passports of persons entering British India was presented to the Indian Legislative Council on the 2nd September, 1920 :—

1. We the undersigned, Members of the Select Committee to which the Bill to take power to require passports of persons entering British India was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto

2. In clause 2 we have omitted the provision requiring that a photograph should be attached to a passport, as it appears to us unnecessary in view of the fact that conditions can be prescribed by rules and such conditions may, when deemed necessary, include the attachment of a photograph.

3. In clause 3 we have reduced the term of imprisonment which may be inflicted for contravention of any rule to three months, which we consider will be sufficient.

4. Clause 4 (2) of the Bill reproduces section 60 of the Code of Criminal Procedure. We have added a provision to that sub-clause so as to include also the provisions of section 61, under which no Police Officer can, except under a Magistrate's special order, detain a person for a longer period than 24 hours exclusive of the time necessary for the journey from the place of arrest to a Magistrate's Court after making an arrest.

5. We regret that our colleague, the Hon'ble Mr. Hassan Jaffer, was unable to attend and join in our deliberations.

6 As ordered by the Council, the Bill was published in English in the *Gazette of India* of the 28th February 1920.

7. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

BILL No. 7 OF 1920.

[1](AS AMENDED BY THE SELECT COMMITTEE)

[Words printed in *italics* indicate the amendments suggested by the Select Committee.]

A Bill to take power to require passports of persons entering British India.

WHEREAS it is expedient to take power to require passports of persons entering British India; It is hereby enacted as follows:—

Short title and extent. 1. (*1*) This Act may be called the Indian Passport Act, 1920.

(*2*) It shall extend to the whole of British India, including British Baluchistan, the Southal Parganas and the district of Angul.

Definitions. 2. In this Act, unless there is anything repugnant in the subject or context,—

'entry' means entry by water, land or air;

'passport' means a passport for the time being in force issued or renewed by the prescribed authority and satisfying the conditions prescribed relating to the class of passports to which it belongs; and

'prescribed' means prescribed by rules made under this Act.

Power to make rules. 3. (*1*) The Governor-General in Council may make rules requiring that persons entering British India shall be in possession of passports, and for all matters ancillary or incidental to that purpose.

(*2*) Without prejudice to the generality of the foregoing power such rules may—

(*a*) prohibit the entry into British India or any part thereof of any person who has not in his possession a passport issued to him;

(*b*) prescribe the authorities by whom passports must have been issued or renewed, and the conditions with which they must comply, for the purposes of this Act; and

(*c*) provide for the exemption, either absolutely or on any condition, of any person or class of persons from any provision of such rules.

(*3*) Rules made under this section may provide that any contravention thereof or of any order issued under the authority of any such rule shall be punishable with imprisonment for a term which may extend to *three* months, or with fine or with both.

(*4*) All rules made under this section shall be published in the *Gazette of India*, and shall thereupon have effect as if enacted in this Act.

Power of arrest. 4. (*1*) Any officer of police not below the rank of a sub-inspector and any officer of the Customs Department empowered by a general or special order of the Local Government in this behalf may arrest without warrant any person who has contravened or against whom a reasonable suspicion exists that he has contravened any rule or order made under section 3.

(*2*) Every officer making an arrest under this section shall, without unnecessary delay, take or send the person arrested before a Magistrate having jurisdiction in the case or to the officer in charge of the nearest police station and *the provisions of section 61 of the Code of* V of 1898 *Criminal Procedure, 1898, shall, so far as may be, apply in the case of any such arrest.*

Power of removal. 5. The Local Government may, by general or special order, direct the removal of any person from British India who, in contravention of any rule made under section 3 prohibiting entry into British India without passport, has entered therein, and thereupon any officer of Government shall have all reasonable powers necessary to enforce such direction.

A. P. MUDDIMAN,
Secretary to the Government of India.

The following report of the Select Committee on the Bill to constitute an Auxiliary Force for Service in India was presented to the Indian Legislative Council on the 8th September 1920 :—

We, the undersigned members of the Select Committee appointed to consider the Bill to constitute an Auxiliary Force for service in India, have considered the Bill, and have now the honour to submit this our report.

2. The amendments which we propose in the Bill are none of them of so important a character as to affect any material change in the general principles underlying the scheme, and we proceed to deal with them in detail

3. It has been represented to us that inconvenience may arise unless a date is fixed for the coming into force of the Act and we have accordingly specified the 1st October 1920 for this purpose.

4. We have provided by amendments of clauses 5 and 8 for enrolment of a person in the Auxiliary Force, India, conditionally on his appointment to a particular branch, corps or unit, provided that the corps or unit in question is located in the prescribed military area within which the recruit resides. This provision necessitates a consequential amendment in clause 10 of the Bill relating to transfers.

5. In clause 13 we consider that there is no necessity to confine the power of ordering variations of training to the Government of India or the Local Government, as the decision in each case will in effect rest with the Advisory Committee, the constitution and powers of which are referred to later in this report.

6 In clause 17 we have provided for the case of a person who has enrolled himself after the age of 40 years and who, on attaining the age of 45 years, but without having any claim to discharge which would necessarily commend itself to an Advisory Committee, desires to release himself from his obligations.

7. One of the most important changes which we recommend is in clause 19 of the Bill where we propose to make it clear that service in the case of any corps or unit outside the prescribed military area in which it is located shall be confined to occasions when it is necessary for the purpose of the local operations in which the corps or unit is engaged. We think that emergent cases where anything more than this is necessary may be left to be dealt with by Ordinance.

8. We have considered with care the question of the military offences which are to be made punishable with imprisonment and we think that the offences specified in clauses (1) (*b*), (*c*), and (*d*) and (14) of clause 24 should be added to those which are punishable with fine only under clause 25 (*1*) of the Bill. We have also transferred the offence of wilful injury of Government or corps property to a category which is already punishable with fine only. We consider that the more serious offences under any of these heads may be left to be dealt with under the ordinary criminal law.

9. We consider that the military authorities should have power to dismiss any member of the Force whose retention they consider undesirable, and we have redrafted clause 26 accordingly

10. We recommend certain minor changes in the constitution and powers of Advisory Committees We consider that the minimum strength of an Advisory Committee should be three persons and that the members to be appointed by the Local Government should in all cases be persons who are eligible for enrolment in the Force under clause 4. At the same time we consider that it should be made clear that the functions of the Advisory Committee are not confined to making recommendations in respect of specified matters which the competent military authority shall be bound to accept, but that they should also be empowered to offer him advice on other matters. We think that the matters on which the recommendations of Advisory Committees are to be mandatory, subject to a reference by the competent military authority to the Local Government, may suitably be left for specification in the rules.

11. The amendments which we suggest in clause 30 (2) of the Bill, which deals with the power to make rules, are of no special importance. The amendment to clause (*f*) is due to the impossibility of laying down in statutory rules rates of allowances which must necessarily be of a fluctuating character. The amendment to clause (*g*) is intended to provide for unrestricted control of military areas comprising railways which run through the territories administered by more than one Local Government.

12. We consider that the power to make rules should be subject to the condition of previous publication, but at the same time we recognize the necessity of constituting the Force at the earliest possible moment. We have accordingly provided that the condition of previous publication shall not apply to the first rules published under the Act, a rough draft of which has been laid before us and considered with the Bill.

13. We have [illegible] to clause 31, which confers power to make regulations, specific mention of allowances and [illegible]

14. The remaining amendments which we have made are either of a purely drafting nature or consequential on those of which we have made specific mention in this report.

15. Our colleague, the Hon'ble Sardar Sundar Singh, was of opinion that the question of the amalgamation of the Bill with the Territorial Force Bill should be considered in connexion with the latter Bill.

16 The publication ordered by the Council has been made as follows:—

In English.

Gazette.	Date.
Gazette of India	31st July 1920.

Secretary to the Government of India.

The following Report of the Select Committee on the Bill to constitute an Indian Territorial Force, and to provide for the enrolment therein of persons other than European British subjects was presented to the Indian Legislative Council on the 8th September, 1920 :—

We, the undersigned Members of the Select Committee to which the Bill to constitute an Indian Territorial Force and to provide for the enrolment therein of persons other than European British subjects was referred, have considered the Bill, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. In considering the Bill we have decided to assimilate its provisions to those of the Auxiliary Force Bill in so far as is possible in view of the essential differences which we recognize must be maintained in the Forces which the two Bills respectively constitute and the functions which those Forces are to fulfil.

3. The two most important amendments which we have made are those embodied in clauses 11 and 12 of our amended Bill which deal respectively with the subjection of the members of the Force to military law and with the provision for Advisory Committees. We think that the Indian Territorial Force whether embodied for training or when training under ordinary conditions need not be subject in all respects to military law as if it were part of His Majesty's Indian Forces. We have accordingly provided that the application of the Indian Army Act, 1911, in such cases shall be subject to modifications to be specified in rules and we think that these rules might suitably be framed after consultation with non-official members of the Indian public especially interested in the new Force. In the case of the University corps which will be of the nature of Officers Training Corps, we understand that the intention is to provide by special rules for the enforcement of discipline solely by the University authorities, and we have made provision for special rules for this purpose and to provide for their training.

We propose to provide for each Province which contains a unit of the Force an Advisory Committee constituted on lines similar to the Committees to be set up under clause 28 of the Auxiliary Force Bill and to provide by rules for their powers, duties and procedure. Each Committee will consist of a military officer and two non-official Indian members.

4. We shall now deal in the order in which they occur in the Bill with the other amendments which we propose.

5. As we understand that it is proposed not to bring the Auxiliary Force Bill, which repeals the Indian Defence Force Act, 1917, and its amending Acts, into force until the 1st October 1920, we have inserted in this Bill a commencement clause on identical lines.

6. We have inserted in clause 2 a definition of the expression "University corps" necessitated by the special provisions to which we have already alluded in paragraph 3 of this Report.

7. In clause 4 (now clause 5) of the Bill we have made it clear at the desire of the non-official members of our Committee that the only class of persons, other than British subjects, who are eligible for enrolment are subjects of States in India, and we have further provided for enrolment in the Force conditionally upon appointment to any particular branch, corps or unit, constituted under the Act, which the applicant may prefer. This has involved consequential alterations in clause 6, sub-clauses (2), (3) and (4) of which are now contained in clause 7.

8. We have added to clause 7 (now clause 8) of the Bill a provision, similar to that contained in clause 17 of the Auxiliary Force Bill, which will enable any member of the Force to obtain his discharge before the expiration of the term of his engagement if he satisfies the Advisory Committee that he has valid reason for doing so, and we have made a recommendation of the Advisory Committee in this respect binding on the military authorities.

9. We consider that specific mention should be made, in sub-clause (2) of clause 8 (now clause 9) of the Bill, of the liability to be called out for local service which is implied by the provisions of clause 14 (now clause 15) of the Bill. The amendment which we have made is taken from clause 18 (a) of the Auxiliary Force Bill.

10. In clause 9 (which now becomes 10) we have inserted a provision similar to that contained in clause 20 of the Auxiliary Force Bill, laying down the principle that no portion of the Force is to be employed in place of the regular forces after it has become possible to replace it by other troops or after the cessation of the emergency necessitating its calling out or embodiment.

11. The amendment which we have made to sub-clause (c) of clause 11 (now clause 13) of the Bill is consequential on the proviso relating to University corps which we have inserted in clause 8 (now clause 9) and the omission of sub clause (3) of the former clause from clause 13 of our amended Bill is due to the provision referred to in paragraph 3 of this Report whereby the discipline of the Force will be regulated and offences constituted by the Indian Army Act, 1911, as modified by the rules. We have also brought within the scope of the rule-making power certain matters which were under clause 12 (2) (b) of the Bill, to be provided for by regulations.

12. We have specified the subjects of clothing, equipment, allowances and leave among the matters details of which are to be dealt with in regulations

13. The omission of clause 13 of the Bill is also consequential on the alterations which we propose to make in clause 10 (now clause 11) of the Bill.

14. The remaining amendments which we propose are of a drafting nature, the majority being consequential on the more important amendments with which our Report deals in detail.

15. Some members of our Committee consider that the designations of officers of the Force should as far as possible be assimilated to those of officers of the British Forces, but we realize that any such change must necessarily follow and not precede a similar change of nomenclature in the case of the Indian regular Forces We commend the matter, however, to the consideration of His Excellency the Commander-in-Chief.

16. The non-official members of our Committee considered it to be of the utmost importance that the Force now to be created should comprise all arms or branches of the Army and that the classes which it is desired to attract into this Force should see that the new policy is to do away with everything in the nature of a bar or exclusion against them. They thought that if it were impracticable to inaugurate all such branches at once the Bill should cast upon the Government the duty of doing so as soon as circumstances permitted

17. As ordered by the Council, the Bill was published in English in the Gazette of India of the 28th August 1920.

18. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

Secretary to the Government of India.

The following Bill was introduced in the Indian Legislative Council on the 8th September 1920 :—

BILL No. 42 OF 1920.

A Bill further to amend the Indian Companies Act, 1913.

WHEREAS it is expedient further to amend the Indian Companies Act, 1913; It is hereby enacted as follows:— VII of 1913.

Short title. 1. This Act may be called the Indian Companies (Amendment) Act, 192 . .

Amendment of section 91-B of Act VII of 1913. 2. To section 91-B of the Indian Companies Act, 1913, the following sub-section shall be added, namely — VII of 1913.

"(3) This section shall not apply to a private company."

STATEMENT OF OBJECTS AND REASONS.

Section 91-B of the Indian Companies Act, 1913, prohibits a director of a company from voting, as a director, on any contract or arrangement in which he is either directly or indirectly concerned or interested. It has been represented that the operation of this section obstructs a company from promoting subsidiary companies, the management of which is to be carried on by a Board of Directors partially composed of the directors of the parent company, inasmuch as any such subsidiary company might not have on its Board of Directors a quorum of disinterested members.

2. The section was introduced in the Act in 1914 and finds no place in the Companies Acts in other parts of the Empire. Sufficient cause has not, however, been shown for repealing the section altogether. The difficulty mentioned above is however genuine, and can be met by excluding private companies from the purview of the section, and the object of this Bill is to make the necessary amendment of the Act.

Short title. 1. This Act may be called the Presidency Banks (Amendment) Act, 192 .

Amendment of section 36 of Act XI of 1876. 2. In clause 1 of paragraph (*a*) of section 36 of the Presidency Banks Act, 1876, after the words "the Government of India" the words "the Government of Bombay" shall be inserted. XI of 1876.

STATEMENT OF OBJECTS AND REASONS.

The proposed amendment of the Presidency Banks Act, 1876, is for the purpose of enabling the Presidency Banks to deal in the securities which the Government of Bombay propose to issue in connection with their Housing and Development loan.

The Imperial Bank Bill which is now before the Indian Legislative Council is so framed as to allow the Imperial Bank to deal in such securities issued by Local Governments, but that Bill will come into operation only on such date as the Governor-General in Council notifies. Some months must necessarily elapse before the Imperial Bank Bill will be brought into operation, and as the Government of Bombay propose to float their loan at an early date, it is necessary to give the Presidency Banks authority to deal in these securities under the Presidency Banks Act.

The following Report of the Select Committee on the Bill further to amend the Indian Paper Currency Act, 1910, was presented to the Indian Legislative Council on the 9th September 1920 :—

We, the undersigned, Members of the Select Committee to which the Bill further to amend the Indian Paper Currency Act, 1910, was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. In connection with clause 9 of the Bill a question was raised regarding the encashment of nickel half-rupees which by this clause are excluded from the scope of section 11 of the principal Act. The Honourable Member in charge of the Bill stated that facilities are and will continue to be given for this purpose, and on this assurance we left this clause as it stands in the Bill.

3. We gave our most careful consideration to clause 12 of the Bill, and in particular discussed at some length the provisions of that clause in regard to the metallic reserve and to the substitution of the securities in the securities reserve. We have not, however, made any amendment as we are satisfied with these provisions as they stand.

4. We think, however, that when the first seven sub-clauses of this clause come into operation some amendment will be necessary in section 23 of the principal Act, and we have accordingly inserted an amendment for this purpose in sub-clause (9).

5. We have made no other amendments.

6. As required by Rule 22 of the Rules for the Conduct of Legislative Business the Bill was published in English in the *Gazette of India* of the 4th September 1920.

7. We think that the Bill has not been so altered as to require republication, and we recommend that it be passed as now amended.

The following Report of the Select Committee on the Bill to declare that the Members of the Cutchi Memon community are subject to Muhammadan Law was presented to the Indian Legislative Council on the 14th September 1920:—

We, the undersigned, Members of the Select Committee to which the Bill to declare that the Members of the Cutchi Memon community are subject to Muhammadan Law, was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as redrawn by us annexed thereto.

Paper No. 3.—From Chief Commissioner, North West Frontier Province, dated 27th March 1920; Chief Commissioner, Central Provinces, dated 20th March 1920; Chief Commissioner, Baluchistan, dated 30th March 1920; Chief Commissioner, Delhi, dated 29th April 1920; Chief Commissioner, Coorg, dated 14th May 1920; Chief Commissioner, Assam, dated 7th June 1920; Government of the United Provinces dated 22nd June 1920; Government of Burma, dated 21st June 1920, and enclosures; Government of Bihar and Orissa, dated 24th June and 7th July 1920; and Government of the Punjab, dated 28th June 1920.

Paper No. 11.—Chief Commissioner, Ajmer-Merwara, dated 12th July 1920; Government of Madras, dated 13th July 1920; Government of Bengal, dated 21st July 1920; and Government of Bombay, dated 23rd July 1920, and enclosure.

2 We have considered the Bill introduced by the Hon'ble Mr. Haroon Jaffer in the light of the attitude of the Government to the Bill as expressed in the Hon'ble Sir William Vincent's speech on the motion for reference to our body. It was made clear in that speech that if the Bill was to pass the Council in the present session it would require to be so recast as to make it permissive in character. On the question of the manner in which the Bill should be given a permissive character we considered two views. On the one hand, it was suggested that it would be sufficient if those who objected to a change in their personal law were given an opportunity of making a declaration which would have the effect of excluding them from the operation of the Bill, that is to say, that if a Cutchi Memon did not make such a declaration he would automatically fall under the Muhammadan law in regard to succession and inheritance. On the other hand, it was suggested that such a provision was not effective in protecting the rights of the minority, and that it should be required that those who advocate and desire the change should take an affirmative step to attain that position, that is to say, that a declaration should be required from those Cutchi Memons who desire a change, and that those who do not should be left to the existing law.

3. We cannot conceal from ourselves that although it is clear that the majority of the Cutchi Memons are in favour of the proposed change in their personal law, yet there is a minority who do not desire or have not understood the full effect of the proposed legislation. There are those of us who think that it is essential to protect any such minority by casting the onus of a change on those who desire it. However that may be, we feel that if the Bill is to have any chance of passing Council in the present session it must be in such a form as will meet with universal approval, and this, we think, is only likely to be secured by adopting the second form of permissive legislation. The Hon'ble Mover of the Bill would undoubtedly much prefer a measure of the first character, but he is personally content to accept a measure such as we have indicated, although he desires, before committing himself to more as our report, to consult his community, which we understand he is about to do. We have, therefore, prepared a fresh draft of a purely enabling Bill under which those Cutchi Memons who desire to follow the Muhammadan law in matters of succession and inheritance can do so by filing a formal declaration of their wish to be governed by that law.

4. In view of the general approval with which the compulsory measure has been greeted among the community which it affects, we think we shall be justified in recommending to Council that the Bill in the permissive form we have now drawn it in might be passed without further publication. The question of the law of succession and inheritance among Cutchi Memons has been much agitated in the past, and we should be glad if a measure were enacted which would go some way to meet the wishes of that community.
